

Shea
Capability & Compliance Solutions
Assuring Performance

April 2020

To our Valued Friends, Clients, and Potential Clients,

We recognize that this is an unprecedented time for everyone with the constantly changing COVID-19 situation around the world. While these are extremely challenging times, please know that the Shea team continues to be available to provide you with the service and support you have become accustomed to over the years.

Our mission remains assuring the performance and safety of our clients. As such, our team takes the current pandemic seriously, and is working remotely with full capability to provide for our clients and peers. We are committed to keeping you informed of any changes that may occur in our daily operations.

If you need to talk through any staff safety or technical skills issues you may be experiencing as you continue production with fewer employees, please give us a call. We are happy to guide you through options to consider putting in place to help remove those pressures and help maintain a steady state of quality and reliability as a company.

Please know the Shea team appreciates your continued business and we hope that you and your family stay safe and healthy.

Regards,

Daryl Brister
President
Shea Capability & Compliance Solutions, LLC
